PATENT APPLICATION

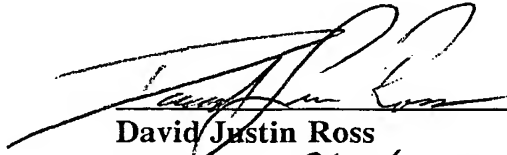

ASSIGNMENT

WHEREAS, I, David Justin Ross, of Redmond, Washington, have made inventions described in a United States patent application entitled **VERIFICATION ENGINE FOR USER AUTHENTICATION**, filed with the United States Patent and Trademark Office on October 30, 2001, and allotted application number 10/003,719; and

WHEREAS, RAF Technology, Inc., a California corporation, having a place of business at 16650 NE 79th Street, Suite 200, Redmond, Washington 98052, is desirous of acquiring an interest therein:

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I, David Justin Ross, hereby sell, assign, and transfer to RAF Technology, Inc. the full and exclusive right, title, and interest in and to said inventions, said patent application, and any and all patent rights and letters patent for said inventions in the United States and elsewhere throughout the world, including foreign patent priority rights and the right to apply for patents in foreign countries in my name or in the name of RAF Technology, Inc., and further including all divisions and continuations of said application and of any foreign patent applications and all reissues and extensions of patent rights and letters patent for said inventions, all to be held and enjoyed by RAF Technology, Inc., for its own use and benefit, and by its successors and assigns for their own use and benefit, for the full duration of the terms for which patent rights and letters patent may be granted in this or any foreign country, and covenant that I have full right so to do, and agree that I will communicate to RAF Technology, Inc., and its successors and assigns, any facts known to me respecting said inventions, and testify in any legal proceeding, sign all lawful papers, execute all lawful divisional, continuation, and reissue applications, make all rightful declarations or oaths, and do

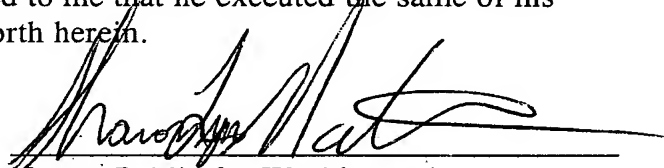

everything lawfully possible to aid RAF Technology, Inc., and its successors and assigns, to obtain and enforce proper patent protection for said inventions in this or any foreign country.
